

STRIKER RATCHET DIAL HARNESS

RATCHET DIAL LINER SUSPENSION HARNESS

SPECIFICATIONS

The Striker Ratchet Dial Liner Suspension Harness stabilizes the weight of the helmet for a secure and comfortable fit. Adjustment straps and chin cup have been designed for a comfortable fit. Operators can adjust the harness one-handed by turning the ratchet at the wheel clockwise. To release tension, turn the wheel counterclockwise.

- + **Fit:** Compatible with a wide variety of helmet liner systems as well as most common ballistic shell styles
- + **Adjustable:** One-handed adjustment for a secure and comfortable fit
- + **Warranty:** 1 year on exterior cover material and workmanship
